

Wrawby St Mary's C of E Primary School

Summer term 1 2025

Class 1

In reading we will...

Our daily story time book will be a selection of books including Mr Grumpy's Outing by John Burningham and Zog by Julia Donaldson.

Phonics/Read Write Inc

The children will continue their Read Write Inc. journey, learning and progressing at their own level. Your child will bring home a RWInc reading book and a reading for pleasure book each week.

To help your child, please encourage your child to read their reading book to you daily, where possible. This will help build up their phonic knowledge and fluency. Also discuss with your child what they have read ensuring they have a secure understanding of the text. Please log children's reading on the Learning with parents app. The reading for pleasure book may be read by yourselves with your child.

Spellings

Children will learn a new spelling pattern each week. Children will learn ten spellings a week. These will be taught in school. A copy of spellings can be found on the school website under Class 1.

Geography

The big question in geography this term is; What would I need to pack to go on holiday? After discussing locations and reading maps, the children will;

- Understand that people have to pack specific items for a specific trip.
- Understand impact that weather and location have on deciding what to take on holiday

PE

The children will have outdoor PE lessons on Mondays and Thursdays. The children will be learning skills in movement and object control.

Art

Our work this term is developing painting skills. We shall be mixing paints together to create colours that we see in mini beasts.

Maths Skills

Reception

- **Comparison** – more than, less than and equal to; ordinal numbers
- **Composition** – number bonds to 10; different ways to make numbers 6, 7, 8 and 9; odd and even numbers; numbers that share equally between 2 and those that don't

Year 1

- **Counting** – count to/from and across 100; Count in 2's, 5's and 10's to 100; Read and write numbers to 100.
- **Calculation – Addition and Subtraction** add and subtract numbers within 20; number bonds to 20
Multiplication - building, drawing and describing arrays using repeated addition
Division - understanding and using equal grouping and sharing

All of the above will be taught and learned through an engaging combination of games, challenges and investigations, both independently and with their peers.

Literacy Skills

This half term our focus text will be The Very Hungry Caterpillar. We will be retelling the story. We will be getting some caterpillars into Class 1. We will be able to watch their life cycle as they turn into butterflies. We will use this knowledge to write an explanation text.

In Reception the children will be working towards using their phonic knowledge to write an independent sentence. Year 1 children will be consolidating their ability to punctuate sentences correctly.

Computing

This term children will learn using the laptops to create digital writing. They will login to their own accounts then practice skills becoming familiar with the keyboard including using the space bar, back space and shift keys. They will experiment with changing the font style, size and colour ensuring that its use matches its purpose.

Science

Our Science work this term will be all about plants. We will identify and name a variety of wild and common garden plants including deciduous and evergreen trees. We will think about how plants grow and will plant bean seeds and observe what happens as they germinate, grow and develop.

RE

This term, we shall consider the question: Why is the word God so important to Christians?

Music

We will be further developing rhythm, pulse and dynamic skills this term, exploring through song and the use of percussion instruments.
